Subject: Super Salvage - Response to Information Request

Jared,

Attached please find Super Salvage's response to EPA's information request. Please note that I'm sending you two versions of the response; the original response (including the attachments to the response) which came in as two separate pdfs and the second version which only contains the responses to the questions (with corrections to the references to the attachments as noted in the email below).

Now that we have this information it may make sense for you, Allison, and I to have a call. Allison and I are both free next Friday, November 1st—might you have any availability for a conference call on that day? If not, please let us know what might work for you. Thanks, Dan
